

Dear Friend,

Habitat for Humanity of Genesee County is pleased to invite you to become a Friend of Habitat, and join our most treasured group of supports.

We are looking to expand our Friends of Habitat to five hundred members. With that number of dedicated believers we will be able to finance the construction of one brand new home or one rehabilitation project every year, without conducting a single fundraiser. Isn't it good to know that every penny of your gift is dedicated to eliminating substandard and poverty housing? Each member of our Board of Directors has become a Friend of Habitat, and we are inviting all of our committee members, volunteers, and people who believe that decent, affordable housing is a serious need in our community.

All that is required to be a Friend of Habitat is to honor your pledge of \$100 or more per year. You make the choice of when to honor your pledge when completing your form. Choose a month, or choose to honor your pledge in payments over the course of the year. Whatever method is most convenient for you is just as convenient for us. If you prefer to receive a phone call to remind you of your pledge, we'll do that. If email or postcard is the best way for us to correspond, we'll do that. And if you prefer to limit the amount of information you receive from Habitat, we will be happy to accommodate you.

It is important to us to continue our work in the most efficient, donor-friendly way possible. Please join us.

Sincerely,

Jessica Tomidy

President, Board of Directors
